“Team Performance Post Pandemic?”

Team P³ is designed to help you (re)create a high performing team in the aftermath of global turmoil. It is a product of over 20 years of work in the fields of emotional intelligence and emotional resilience, tailored specifically for the challenges faced today.

As our organizations begin to emerge from national lockdowns, we face a new set of challenges. The world of work that we return to will look different to the pre-pandemic one, and we all have to adapt to new dynamics in the workplace.

Ei World

At Ei World, our Vision is change. Our Mission is to bring balance, harmony and synergy to all. We are creating and supporting well-functioning and emotionally resilient teams and leaders worldwide.

Changing the world, one leader and one team at a time, and changing each of our lives for the better.

RECALIBRATE THE TEAM

Establish a shared team view of the current reality, by exploring what the team has been through, the lessons brought forward, and what challenges and opportunities are afoot.

SUPPORT MENTAL HEALTH AWARENESS

Safely and authentically explore the varied experiences and feelings within the team – to nurture a foundation of support, awareness and norming of emotion in our daily working lives.

MINDFUL PROGRESSION

Build on the established shared processing and understanding of experience to establish the highest aspirations of the team and how to achieve those goals.

Team P3 enables team members to chart a course for success as they return to a changed world of work.

Now is the time for the safe, open and honest team exchanges that provide the foundation for high performance.

The vision: your team recalibrates for brilliance in the post-pandemic era – reinvigorated via realignment, greater shared understanding, improved resilience and a new sense of common purpose.

Through Team P3, the team engages in conversations and exercises that create a shared understanding of varied experiences both internal and external, strengthen bonds for the new way of being at work, and heal scars that formed during the tumultuous year.

By exploring and addressing the different experiences and concerns of your team members we will improve understanding and tolerance, and strengthen the bonds between team members. We then build on this foundation to redefine the team's high aspirations and how they will be achieved.

Team P3 is not just a workshop that feels good to the team in the moment; Team P3 sets in motion the team habits and ways of relating that create harmony, aligned action and elevated performance.

All Team P3s are accompanied by Dr. Bharwaney's book, Emotional Resilience, handouts for the team, and actionable team output documents.
